STORIES OF KLONDIKE

The Steamer Humboldt Arrives From St. Michael's.

SHE HAD FOURTEEN PASSENGERS.

Only Seven of These Had Any Gold and the Entire Amount Was Less Than Fifteen Thousand Dollars—The Alaska-Bound Steamer Eliza Anderson Turns Up Safe in Dutch Harbor.

SEATTLE, Wash., Sept. 14.—The steamer Humboldt arrived yesterday from St. Michael's. She brought 14 passengers and about \$15,000 in gold. The Humboldt also brought news that the side-wheel steamer Eliza Anderson, from Seattle, which was reported lost, is safe in Dutch harbor.

The Humboldt was 11 days from St. Michael's. The steamer Eliza Anderson is anchored in Dutch harbor, where she arrived on the 4th inst., and is now detained by revenue officers. Her passengers have by this time entered the Bering sea on a schooner chartered for that purpose. Two of the passengers on the Anderson were so frightened that they gave up their search for gold and returned south on the steamer Humboldt. Mayor Wood of Seattle, who chartered the Humboldt, is still at St. Michael's, but letters received from him indicate that the stories of dissension and strife between members of his expedition are untrue.

The Humboldt brings back advice which reiterates the stories of untold wealth of the Klondike and Yukon and verify the previous rumors of the shortage of food supply in the interior.

"There will be privation, sickness, starvation, scurvy and death on the Yukon this winter," is what the returning gold hunters all say.

Only seven passengers of the Humboldt have money. It is impossible to induce them to say how much money they have, but the purser gives the figures as follows: J. A. Manger, \$900; E. Turner, \$500; J. F. Creider, \$2,000; W. Urquhart, \$900; J. D. Rogers, \$2,500; D. F. Atkins, \$4,500; Captain J. Whitesides, \$4,200.

J. M. Secretan, who came back on the Humboldt, and who has but very little cash, says he came out to avoid starvation at Dawson. He says: "Thus far upwards of 1,500 men have pushed their way over the passes from Skagway and Dyea and have arrived at Dawson City. The influx of miners over the passes has frightened the old-timers in the interior and all that can be coming to winter in the states and thus avoid what they believe will be a winter of hardship, suffering and probably murder and thievery."

"We left Dawson on July 26, on the steamer P. B. Wear. At midnight on the 27th the steamer ran on a bar below Circle City. After waiting 17 days the passengers were transferred to the steamer Healy and arrived at St. Michael's Aug. 25. The next day we took the Excelsior to San Francisco. On the morning of Aug. 28 the Excelsior went aground in 10 feet of water in the Bering sea 70 miles from land. The passengers moved 70 tons of coal from her hold to a lighter and at midnight she floated, having broken two blades of her propeller. She arrived at Unalakleet on Sept. 1. On the 2d they tried to beach her and on the 3d succeeded. On the fourth day they took off her propeller and on the 5th put on a new one. She sailed via Unger for Dutch harbor Sept. 6, where we took the Humboldt for Seattle. On the way from Dawson City I have paid three fares. First, to the North American Trading and Transportation company for transportation to Seattle, then \$120 to the Excelsior, and again \$75 to the Humboldt."

W. B. Price of Danville, Ill., who went up on the Eliza Anderson and who left that vessel at Dutch harbor, returned on the Humboldt. He said: "The entire trip was a series of mishaps. The third day out from Dixon's entrance bad weather came on and the wind blew terrifically. The waves would lift the guard up and leap in under it. During the first night after the storm began the rudder chain broke five times. Of course, after this broke there was no controlling the boat. Every minute it seemed that she would go over. The passengers were thrown out of their bunks, the crew was insufficient to the pumps, so the passengers took them in charge. I was put in command and divided the passengers up into squads of four men each. Each squad worked two hours. I also did the sounding to see how much water there was. We kept this up for 48 hours, and during that time the Anderson drifted back 14 miles. The second day of our trouble the other vessels were in sight. Then the Merwin, which was being towed by the Holyoke, along with the Bryant and Polistofsky, broke loose and the captain of the Holyoke turned about with the other two boats in tow and picked up the Merwin."

"The next place we reached was St. Paul on Kodiak island. We should have taken coal there to get to Dutch harbor, but could not get it. After leaving St. Paul the sea was heavy and we were forced to cruise alongshore. We arrived within 130 miles of Dutch harbor, when the coal gave out. We were rigging a small boat to send out for relief, when we sighted a small fishing smack with one man in it. He told us we could reach an abandoned cannery about 20 miles distant, where coal had been lying for five or six years. We had enough coal to reach that point. All day long the passengers worked in a drizzling rain to take on that coal, and finally on Sept. 4 we reached Dutch harbor. Captain Hooper of the revenue squadron boarded us at Dutch harbor, and seeing the unworthy

condition of the Anderson forbade her to go further. It was not necessary for him to go below, but upon seeing that we had insufficient lifeboats, he gave the order to tie up there. The passengers of the Anderson, with the exception of Mr. Scott and myself, raised \$1,000 to charter the schooner Pariso to take the passengers from there to St. Michael's. The conditions on the trip of the Anderson from Dixon's entrance to Dutch harbor can not be pictured too vividly."

The passenger list is as follows: Dr. A. C. Posye, Mrs. E. Cronister, G. A. Wanger, E. Turner, J. F. Crider, W. Urquhart, J. F. Williams, Captain J. W. Whitesides and wife, W. B. Price, George Scott, J. N. Secretan, Mrs. Woodward and five children, J. P. Rodgers, D. E. Atkins and Mrs. A. Clark.

TORNADO IN TEXAS.

Six People Killed and Many Injured at Port Arthur.

PORT ARTHUR, Tex., Sept. 14.—A tornado, terrible in its velocity, struck this little city at an early hour Sunday evening. Six people were killed while many others were injured. Buildings were blown down and great damage was wrought by the cyclone.

The dead are:

Frank Albright, Kansas City, employed by electric light company.

George Martin, bricklayer, residence unknown.

Unknown man, aged about 38.

May Ainsworth, 13-year-old daughter of William Ainsworth.

Infant son of W. H. Johnson, blown from its mother's arms and drowned.

Fritz Michaels, laborer, residence unknown.

The injured are:

Mrs. Roy Stafford, right leg broken near hip.

Roy Stafford, legs badly bruised.

Little daughter of Stafford, seriously injured.

Many buildings were blown down, including the railroad roundhouse, where May Ainsworth was killed; the Natatorium, the bank building, Townsite company's barns, Hotel Hayden, Strong & League's building, Brennan building, Colonade hotel, Spence & Lyons' building, C. J. Miller's grocery store, several barns, Kanady's saloon, The Herald office, Alfred Wolf's saloon, the Hays building and M. M. Zollinski's grocery.

Several residences suffered severely, that of Dr. A. W. Barraclough being carried across the street. Many outbuildings were completely blown away.

Advices from Winnie, Tex., say that nearly all the houses there were blown down and torn away.

At Webb all of the barns and one house were demolished and scattered over the country.

Nothing can be heard from Sabine Pass, as all telegraphic communication has been interrupted. It is known that much destruction was wrought there, with probable loss of life. Everything possible is being done to establish communication with that place.

Port Arthur is the southern terminal of the Kansas City, Pittsburg and Gulf railroad, and is situated 16 miles inland from Sabine City. In 1886 a wave swept over Sabine City, covering that place with six feet of water, destroying many houses and causing several deaths. Great distress was caused, and there were many narrow and thrilling escapes.

When the Gulf road was first projected land on Sabine Pass, owned by Kountz Brothers of New York city, was offered the railroad for a terminal.

Both because of the fear of tidal waves and owing to a failure to reach a satisfactory price for the land, the proposition was rejected. Port Arthur then became the southern terminus of the road and was built up on the strength of that enterprise.

Sabine Pass Heard From.

HOUSTON, Sept. 14.—The storm damage at Sabine is considerable, except to shipping. Tugs owned by Moore & Betts of Orange were sunk, drowning both Moore and Betts. Damage to buildings in both the old and the new towns of Sabine Pass was slight. At Port Arthur fully three-fourths of the buildings, temporary structures, were blown down. Six persons were killed at Port Arthur from falling of the roundhouse, to which they had gone for safety, and 15 wounded.

HEIRESS HELD IN BONDAGE.

Sensational Case on Which the Chicago Police Are at Work.

CHICAGO, Sept. 14.—Miss Fanny Rutherford, an heiress, of Minneapolis, is thought to be in Chicago and kept in confinement by J. A. Morris, forger, who escaped from the Cook county jail in June, 1896.

Miss Rutherford and her mother, while traveling in the south, met Morris aboard a steamer. Morris made a good impression, and for several days was their constant companion. May 6 the daughter left her home for the purpose of taking a music lesson. Her mother has not seen her since.

July 21 Mrs. Rutherford received a letter from her daughter, mailed at Delavan Lake, Wis. One portion of the letter read: "I am happily married to a man I worship. I can't tell you where I am nor who he is, but you must not worry about me. My husband is wealthy and we live in luxury, but I can't tell you where."

Detectives found that Miss Rutherford and Morris had been in Delavan. Several persons who had seen them told the detectives that the woman appeared to fear the man and followed him submissively wherever he went.

Morris and Miss Rutherford had been seen together in Chicago three weeks ago.

NO BLOOD WAS SHED

Miners' Bodies Buried at Hazleton, Pennsylvania.

HOW TROUBLE WAS AVERTED.

General Gobin Outwitted by the Polish Priests—Uniforms Were Worn and Arms Were Carried at the Funeral—Situation in the Hazleton District One of Unrest. Trouble Has Broken Out at Eckley.

HAZELTON, Pa., Sept. 14.—Yesterday passed off without the expected bloodshed over the proposed funeral demonstration. General Gobin arranged for a conference early in the morning with the Polish priests, who are looking after the cause of the men. He impressed them with the necessity for preventing any show of a military character, and said he would permit no uniformed men to participate, except those representing religious societies. Bands of music, side arms, sticks and banners were also prohibited.

The priests promised that all this should be done and the commander on the other hand agreed to keep all the troops away from the funerals. Somebody stole a march on the general, however, and although he later revoked the clause excluding music, there were men in line wearing the uniform of the Italian army, and others carrying drawn sabres. Six of the latter stood in front of the church during the ceremonies within. Learning of this the commander promptly dispatched a staff officer and a detail of men to the cemetery, but when they reached the cemetery the services were over and the mourners had dispersed.

"The priests gave me their sacred promise that no arms should be carried nor military uniforms worn," said General Gobin. "In moments when a spark might result in the wholesale loss of life and property, it seems to me that such things should not be permitted. If I had the slightest idea that their promise would be broken a troop of cavalry would have been there within a few moments."

The general added that he would demand an explanation from the clergymen.

No disturbance occurred and everything is now quiet.

The situation, however, in the Hazleton district is one of unrest. All the collieries in this district are apprehensive of danger. Requests have been pouring in to General Gobin from the various mines asking that he send troops to the places in order to prevent any possible outbreak. The general states that he will not send troops to any point unless an outbreak does occur. The general declines to give the names of the collieries, as all the men in them are still at work. The operators, however, are apprehensive of a strike and want to be prepared for any emergency.

Trouble has broken out at Cox Brothers' colliery at Eckley. Two hundred miners at Buck Mountain, which is about three miles from Eckley, went on a strike yesterday morning and started toward the Eckley mine. The superintendent of the Eckley colliery telegraphed to General Gobin for troops, but later in the day the request was withdrawn, the superintendent notifying the general that the striking miners had stopped marching.

At 4 o'clock yesterday afternoon General Gobin received another telegram stating that these miners had again assembled; had marched on the Eckley mines and forced the miners to quit work. It was stated in the dispatch that the miners had been roughly handled by the strikers.

General Gobin has ordered the city troop of Philadelphia to go to the scene of the disturbance. The troopers will ride across the mountains, a distance of 18 miles, to Eckley.

Eckley is a small mining village and lies in a valley. There are a number of collieries there and fears have been entertained for the past 48 hours that trouble would break out as the men had been acting very ugly.

WITNESS AGAINST LUETGERT.

A Former Salesman For the Prisoner Has Something to Say.

DENVER, Sept. 14.—Joseph Heller, a commission broker, now doing business in this city, was a salesman in the employ of Adolph L. Luetgert in Chicago previous to his arrest on the charge of wife-murder. Mr. Heller said that Luetgert had told him on the 5th of last May that he wanted him to go to Colorado and offer goods to be delivered in June. Mr. Heller thinks this was merely a statement to get him out of the way. He says Luetgert also said to him:

"Joe, I have trouble at home. My wife has frequently said she would leave me if I ever failed. She has gone and I don't know where, but I suppose will come back some day."

Mr. Heller believes firmly that Luetgert knew the factory was going to be shut down for several months before it was, and is positive that goods were smuggled away from the place.

INDIANA WINE CROP.

A Prodigious Quantity Will Be Made in Southern Counties.

JEFFERSONVILLE, Ind., Sept. 14.—The wine crop of this section promises to be prodigious this year, and some of the growers will hardly be able to take care of all the crop. Clark, Floyd and Harrison counties have many large vineyards, and the owners are buying up nearly all the barrels they can find, to

take care of their vintage when it shall ripen.

The shipping of grapes will not amount to much, since the growers say they can make more by keeping the fruit and making wine. It is not many years ago when hardly any wine was raised or drunk in southern Indiana, but now it is becoming a popular drink, and a great deal of it is used.

YELLOW FEVER NOT CONTROLLED. The Ninth Case in New Orleans, Including One Death.

NEW ORLEANS, Sept. 14.—The announcement of the ninth case of yellow fever in New Orleans, including the Gelpi death, was officially made by the board of health yesterday afternoon. It was that of Edward McGinty, a young man living immediately opposite a residence up town where a child died of the fever that had been prevailing at Ocean Springs. McGinty had been a visitor to the family during their residence on the Mississippi coast, and since their return to the city had been a constant visitor. It is therefore believed that McGinty contracted the disease from the sick child.

Members of the board of health have been in close attendance upon the case and completed their diagnosis yesterday afternoon. As soon as they had done so the board of health took charge of the premises, quarantined the inmates, made liberal application of disinfectants in the neighborhood and took all necessary steps to prevent a spread of the disease. This is the first case reported up town, all other cases being in the lower section, and in this instance as in all others, the origin of the case has been traced to Ocean Springs.

Neither the experts nor the board of health are surprised by this discovery. They anticipate there will be other sporadic cases owing to the number of people who managed to reach New Orleans before the quarantine against Ocean Springs went into effect. There is no lack of confidence on the part of the board in their ability to restrict each sporadic case, and the only result of these new cases is to add greatly to the labors of the sanitary forces of the board. Additional doctors of experience are being added to the staff of the board of health in order that the strictest attention may be given to each residence in which cases of fever have appeared.

Helena, Ark., has set a pace which all river towns are likely to follow and which will probably effect a suspension of river traffic until the present scare dies out. Yesterday the board of health of that city decided that no boat from south of Vicksburg should be allowed to land at that port or any point within the quarantine limits of five miles of the corporate limits of Helena. Monroe, which, up to yesterday, held aloof in spite of threats, and refused to quarantine New Orleans, felt compelled, on receipt of information that there are several cases of yellow fever in New Orleans, to declare a rigid quarantine against this city, and all trains are being thoroughly searched.

Atlanta promises to be the refuge of all people living in New Orleans and along the coast who desire to get away. Of the cities of the south in danger of infection, Atlanta is the only one that has refused to quarantine and that has invited all refugees within her gates.

Dr. Carter of the marine hospital service returned to Ocean Springs yesterday from Barkley, and reports a serious condition there. Barkley is a little postoffice seven miles northeast of the detention camp. Dr. Carter reports eight cases of yellow fever at this point out of a population of 25 souls. There have been four deaths in 10 days, the last occurring on Saturday night, and other deaths are momentarily expected. The fever was imported from Ocean Springs. The town has been completely isolated and guards placed around it.

Dengue at Edwards.

JACKSON, Miss., Sept. 14.—Excitement is at fever heat in this city over the yellow fever scare, caused almost entirely by the presence of 30 cases of dengue fever at Edwards, 25 miles west of here. Many people are fleeing to the surrounding country. The wagons and railroads leading into town are being closely guarded.

KISSED HER CHILDREN GOODBY.

The Mother Killed Herself While They Were at School.

FORT WAYNE, Sept. 14.—Mrs. Margaret Fry, a widow 35 years old, living on Barr street, yesterday morning kissed her children goodbye, sent them off to school and then hanged herself with a clothesline from a rafter in the garret. The body was discovered by the little ones, 7 and 9 years old, respectively, on their return at noon.

Mrs. Fry was a very heavy woman and her neck was almost severed by the rope. The youngest girl found a note in the corner of the room signed by the unfortunate woman, declaring that she was tired of the struggle for existence.

Strike Settled.

ELWOOD, Ind., Sept. 14.—The strike in the window glass trade came to an almost sudden end here yesterday and the Elwood plant is now running in all departments. Another organization of flatteners and cutters, not formerly in the union, has been perfected and joined the national association, solving the problem. Both sides made concessions, and about all of the old flatteners and cutters will join the new organization. An agreement has been made that the four trades are to share proportionately in any advance in wages.

KNOXVILLE, Sept. 14.—Judge E. P. Gaut, a leading lawyer of Tennessee, died yesterday at Cleveland.

NEW OHIO RAILROAD

Parallel to Columbus, Hocking Valley and Toledo.

COLUMBUS, LANCASTER & ATHENS.

For Some Time Engineers Have Been Making the Preliminary Surveys and the Right of Way Has Been Secured—Case of Lockjaw Cured—Woman Killed by Her Son—Other Ohio State News.

COLUMBUS, O., Sept. 14.—Present indications are that another railway will be built into the Hocking valley in the near future. The road will be known as the Columbus, Lancaster and Athens and it is the intention of the projectors to parallel the line of the Columbus, Hocking Valley and Toledo from Columbus to Athens. For some time engineers have been making the preliminary surveys and the right of way has been secured.

Louis A. May, a New York banker, is at the head of the movement, he having decided to head the enterprise, after a careful and personal survey of the ground. His local representative is Mr. Walter Sells. When asked in regard to the outlook Mr. Sells said the bonds of the company would be taken by New York parties. The road has not been incorporated but this will be done soon under the laws of Illinois.

Mr. Sells said that the Columbus, Lancaster and Athens was not a paper road, and that the company was not formed for the purpose of selling out to the Hocking Valley or any other road. Track laying, according to Mr. Sells, will begin about Nov. 1, while the first passenger train will be run out in December, 1898. It is the intention of the company to have their passenger station partially on piling at the west end of the Broad street bridge.

Case of Lockjaw Cured.

FINDLAY, O., Sept. 14.—Erick Doerty, the young boy who recently suffered an attack of lockjaw, has nearly recovered. His case has attracted much attention, not only in this city, but throughout the state and other states, it being one of the very few cases of lockjaw that have been cured. Dr. K. P. Baker, the attending physician, used anti-toxine, giving the patient 11 injections. He had received many letters of inquiry about the case from all the leading cities of the country.

Killed by Her Son.

NEW CUMBERLAND, O., Sept. 14.—While playing soldier with a younger brother, a 10-year-old son of Mrs. Sherman Elakburn, who lives near New Cumberland inserted a loaded shell in a shotgun he was carrying, and pointing at his mother, who was seated in an adjoining room, reading, he pulled the trigger, discharging the entire load into her breast. She will die.

A Fatal Pipe.

YOUNGSTOWN, O., Sept. 14.—Paul Sika, while walking along the Erie track, was struck by a passenger train and instantly killed. Sika was walking with a companion, and when they heard the train, the latter stepped off and escaped. Sika stopped to light his pipe and the train struck him. He was an industrious laborer and leaves a family.

Injured in Runaway.

BATAVIA, O., Sept. 14.—Mr. Allen Glancy of this place met with a serious accident while returning from the Boston fair. He was driving a very spirited horse which became frightened and the driver and Mr. Glancy were thrown from the carriage, and dragged about 50 yards. Mr. Glancy's injuries are internal, and of a very serious nature.

Paralytic Cominits Suicide.

WAYNESVILLE, O., Sept. 14.—Jacob Randall, the oldest and most respected merchant here, committed suicide yesterday at 9 a. m. by shooting himself in the temple. He was a thirty-second degree Mason and treasurer of the township for many years. Two weeks ago he had a stroke of paralysis, from which he had not fully recovered.

Big Flow of Oil.

FINDLAY, O., Sept. 14.—The big well of the Mott Oil and Gas company of Cincinnati, on the Sol Snyder farm, in the Big Lick-Marion field, is 30 days old. During that time the well has produced nearly 20,000 barrels of oil, at a natural flow, under restricted conditions. The company has located three new wells on the farm.

Willing to Aid Senator Hanna.

CLEVELAND, Sept. 14.—A formal tender of the services of the National Republican league to assist in his election to the United States senate was made to Hon. M. A. Hanna yesterday by John J. Sullivan and Melville Hayes, acting as a committee for the executive committee of the organization.

WARREN, O., Sept. 14.—While starting a gasoline stove, Miss Nellie Musser of this city was severely burned by an explosion. A man passing by rushed to her assistance and saved her life.

Charged With Forgery.

ELYRIA, O., Sept. 14.—James Patterson, who has served two terms in the Ohio penitentiary, was arrested here yesterday, charged with forgery.

Farmer Drops Dead.

NEVADA, O., Sept. 14.—Andrew Dotts, a prominent and well-to-do farmer living near here, dropped dead. Heart trouble was the cause.

INDICATIONS.—Generally fair weather; except showers on the lake, probably cooler; variable winds.

THE London Times prints a communication which states that the Bank of England Directors have consented to hold one-fifth of the bank's reserve in silver. And the gold bugs are very greatly excited over the announcement.

MR. HANNA assisted in opening the Ohio campaign Saturday. He spent his time telling what "me and McKinley" have done for the country. Referring to the Dingley bill he said: "The Republican party is responsible through that measure of bringing back this prosperity." But Mr. McKinley doesn't agree with him entirely. The President in a recent interview said the big wheat crop in this country and the short crop in Europe was "responsible" for bringing back this prosperity in the West.

THE Detroit News declares that the most significant feature of the report of the commission appointed to inquire into the cause of industrial depression in England is the fact that when men of learning address themselves to this question they are brought by sheer force of the facts to conclude "that the gold standard is the ruin of agriculture." If England can afford to ruin her agriculture for the sake of her banks, her factories and her commerce, it is a very different thing with us, truthfully asserts an exchange.

SPEAKER REED disavows all knowledge of the 10 cent per cent. discriminating duty imposed by the Dingley law on all goods coming into this country by Canadian railways. He thinks it "slipped in, as such things are liable to do, unnoticed among hundreds of amendments and changes." This causes the New York World to remark:

Very likely; but it was "slipped in" with a purpose, and if it had affected unfavorably the sugar trust or any other favored monopoly, you can bet your bottom dollar it would not have "slipped in unnoticed." They bought, paid for and got "protection that protects."

"It seems to us," argues the Washington Post, "the most logical result imaginable that silver, bereft of its money attribute, should depreciate in the market. Like gold, it has but a limited adaptability to the uses of mankind. It cannot be applied to any practical purpose. It is not susceptible of conversion into implements of husbandry, into machinery, into tools, etc. It is fit only for ornament or for coinage into money. Robbed by legislation of its latter quality, its range of usefulness is sadly narrowed. We do not ask the monometallist shriekers what would become of gold under like circumstances. It would be cruel. They do not know.

H. H. COLLINS.
Death Claims One of the City's Most Prominent Business Men.

Passed Away Last Night at 8:30 O'Clock.
Funeral Wednesday Afternoon at 3:30 O'Clock.

Mr. H. H. Collins died last night at 8:30 o'clock at his residence, No. 1,305 East Second street, of paralysis.
Mr. Collins' health had been slowly failing for some months. On Sunday morning, September 5th, he was suddenly stricken with paralysis, and had steadily declined from that on. His condition had been so critical for several days that the sad news of his death was expected at any moment. The end came peacefully last night, at the hour named, and a good citizen passed to her reward.

Deceased was a native of Sussex County, Delaware, his father being Thomas Doughty Collins, an influential citizen of that county. Mr. Collins was born August 9th, 1830, and was consequently in the sixty-eighth year of his age. In 1856 he came to Maysville, the rest of his life being spent in this city. For some time he was a salesman in a store conducted by Mr. W. W. Lamar. Later on he was engaged in the furniture and undertaking business as a member of the firm of Stone & Collins, his partner being his father-in-law. In 1868 he embarked in the lumber business, at the present location of the Collins & Rudy establishment, Second and Poplar streets, and here he was continuously engaged in this trade the rest of his days. The firm at first was Chase, Dimmitt & Co., later Dimmitt, Pearce & Co.; then Mr. Collins became the senior member of the firm of Collins, Rudy & Carpenter, and he remained at the head of the establishment from that on, the firm name being afterwards changed to Collins, Rudy & Co. and then to the Collins & Rudy Lumber Company. A few weeks ago Mr. Collins purchased the interest of his partner, Mr. J. I. Salisbury, and became practically sole proprietor of the establishment.

Upright and honorable in all his dealings, he was universally respected and esteemed by the people of Maysville and surrounding country. None stood higher in the business community, and in his death Maysville loses one of her best and most useful citizens. Deceased was a member of the First Presbyterian Church, and his life had been an exemplary one.

His wife, who was Miss Martha Stone, daughter of the late Thomas T. Stone, survives him, and he leaves two sons, Messrs. O. E. Collins and H. H. Collins, Jr., and two grandchildren. He also leaves two brothers, Messrs. John A. D. Collins and James Collins, of Laurel, Del., and two or three sisters, one of them being Mrs. M. M. Collins, of Prenciss Anne, Md. One sister, Mrs. Gaddis Owens, died recently at her home in the East.

The funeral will occur at the residence Wednesday afternoon at 3:30 o'clock, Rev. Dr. Hays officiating. Mason Lodge No. 342, F. and A. M., of which deceased was an honorary member, will have charge of the services. The remains will be laid to rest in the Maysville Cemetery.

The Ideal Panacea.
James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."
Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

Charged With Discrimination.
FRANKFORT, Ky., Sept. 12.—The Kentucky Railroad Commission decides that the Chesapeake and Ohio railroad is guilty of violating Section 214 of the Constitution, relating to discrimination in freight rates. The complaint was made by Green Meek, of Johnson County, and there are ten or more similar complaints filed from the same county. The penalty for such an offense is \$2,000 for the first offense, and the commission has directed the Attorney General to bring suit to recover the penalty.

ED. L. STANTON, a well-known young politician of Frankfort, has decided to become a candidate for his old position of keeper of the Senate cloak room next winter. Mr. Stanton is a son of Major Henry T. Stanton.

PARTIES from Vanceburg were at Portsmouth Saturday morning looking for a man named Isaac Newton Harr. He had committed an assault upon a thirteen-year old girl living near Vanceburg, had escaped and crossed the river.

CALL and let Murphy, the jeweler, show you the most perfect cuttings on diamonds. Prices that have never been equaled. Mountings that are works of art. Diamonds in every style of mounting. Prices will be an inducement even if you have not thought of buying.

HAVING purchased Mrs. Kate Bierley's stock of millinery, I am prepared to furnish the ladies of Maysville and surrounding country with all the latest styles of hats, bonnets and the latest novelties in this line. I am receiving my fall and winter stock and cordially invite the ladies to call and inspect these goods. An experienced trimmer from the city has been engaged. Respectfully,
Mrs. OLLIE B. STITT,
46 West Second street, Maysville, Ky.

JAMES E. SAPP, who was indicted for manslaughter last week at Vanceburg, was on last Friday ordered transferred to the Maysville jail for safe keeping. He was not in any danger of mob violence, but the Lewis County jail is so full of vermin that Sapp's attorneys petitioned for his transfer to Maysville until the next term of court. Sapp produced a box of the vermin in court, Judge Cole stating that his client would rather plead guilty and take the limit of the law for manslaughter than to stay in such a jail until next term. Sapp recently got into trouble with a tough character at that place, and shot at him, but missed him, the ball killing a young man named Plummer.

COLD BLOODED MURDER.

Nate Sausley, Colored, Shot Down on the Street at Flemingsburg by His Uncle, Arthur Seeley.

What is pronounced a cold blooded murder was committed Monday on the streets at Flemingsburg.

About noon Arthur Seeley, colored, shot and killed his nephew, Nate Sausley.

Seeley used a shotgun, and emptied three charges into Sausley. The shooting was done near Dudley's store. Sausley ran to Fleming's livery stable and fell dead as he entered it.

The only cause assigned for the tragedy is that Seeley was thought to be jealous of Sausley.

Seeley had borrowed the gun, saying he wanted to go dove hunting. He was promptly jailed, and last night there was strong talk of lynching him.

LANGDON's—Twenty-five pounds sugar for \$1.

HIGHEST market price paid for wheat and rye at the Old Gold Mills.

NEWS
Of Autumn Dress Goods.

Good news for the many style-wise women who are waiting for autumn's dress textures. Some fifty new effects in goods at 50c. a yard and less are ready. Early choice means sure satisfaction and economy.

PLAIDS promise to hold a leading place in the display for waists, for skirts and for entire gowns. We have them in silk stripes and plain wools, in cotton wool mixtures you can hardly tell from all wool and in the all silk. Prices begin at 25c.

NOVELTIES reign supreme, notwithstanding the crowding of plain fabrics. Our 25c. and 39c. lines are said to be the prettiest and most popular fabrics we have ever shown. Choicest styles won't last long.

PLAIN GOODS in Drap d'Ete and Poplin climax elegance. We have the handsome braids and taffeta linings to complete them, too.

HANDKERCHIEFS.—Have you heard of our August sale? Of course you have, but perhaps you haven't heard there is lots of handkerchief goodness left, though nearly 2,000 handkerchiefs did go from our counter to your pocket in three days. Would poor handkerchiefs march in such battalions? Quality and low price formed the ranks. Handkerchiefs at 5c. with lace trimmed edges; embroidered white mull with scalloped and corded edges; dainty, delicate colored bordered ones; neat and pretty mourning kinds; hemstitched initialed ones—5c. for any of them.

WILL VOTE FOR SHACKLEFORD.
The Democratic Nominee Will Get Most of the Prohibition Vote in This State.

RICHMOND, Ky., September 12.—J. W. Chaney, ex-Chairman of the Prohibition County Committee, in an interview here, states that the bulk of the prohibition vote in Madison County, and, in fact, the entire State, would be cast for Shackelford, the Democratic nominee, instead of Wallace, the regular Prohibition candidate, in the Appellate County Clerk's race.

The reason of this, he says, is Shackelford is for silver, while Wallace is known to be a gold standard man.

At a conservative estimate this will increase Shackelford's strength by fully 4,000 votes.

BISHOP MALLALIEU
Preaches a Strong Sermon to the Kentucky Conference.

PINEVILLE, Ky., Sept. 12.—Bishop Mallalieu delivered the best sermon to the Kentucky conference of the Methodist Episcopal Church here to-day at 11 o'clock that this conference ever listened to. His text was "God is Faithful." For one hour and twenty minutes he held the undivided attention of all his hearers. This evening at 7:30 o'clock Dr. Spencer, after an earnest talk, appealed to the sinners to turn from the wrath to come. About 300 went to the altar for prayers. Thirty-five professed religion.

M. E. CHURCH, SOUTH.

Excellent Showing For the Year—Unanimous Desire That The Faithful Pastor Rev. J. S. Sims Be Returned.

Rev. J. S. Sims, the faithful and zealous pastor of the M. E. Church, South, leaves this afternoon to attend the annual meeting of the Kentucky conference of the church which convenes at Mt. Sterling to-morrow.

The church at this place is to be congratulated that the report he bears is so favorable. All claims against this charge have been paid in full. In this connection it may be well to name the amounts necessary to carry on the good work here during the past year. They are as follows: Pastor's salary \$1,350, Presiding Elder's claim \$134, all the conference claims \$456.53, including support of bishops, superannuated preachers, widows and orphans of deceased preachers, &c.; incidental expenses \$400, Sunday school, &c., \$159.47; total, \$2,500.

This does not include the amount contributed by the ladies' mite and missionary societies.

The lay delegates from this district are W. W. Ball of this city, R. T. Marshall, of Mt. Carmel, A. S. Dickey, of Hill Top, and Thomas Putnam, of Tollesboro.

It is the unanimous wish of the congregation here that Brother Sims be returned.

As this conference elects delegates to the general conference which meets next May, the members of the church here sincerely hope to see the name of Brother Sims and one of the above laymen among the number.

Fine Buggies.

We have just placed in our repository a number of handsome new jobs, home manufacture. These, with our already large stock, give us one of the finest displays of buggies ever offered in Maysville.

We do not want to carry a job over for another season, so we have made a big reduction in prices. Here is your chance before the pick is gone. Come quick and secure a bargain.

We have also a number of brake carts, just what the farmer needs. These, like our buggies, we are offering at a great reduction. We can not replace them at the price we offer them to you.

This is no Klondike scheme, but a golden opportunity to get a handsome job at a low price. Courteously,
THOMPSON & MCATEE.

River News.

Go to Ballenger when you want anything in the jewelry line. He is showing an elegant stock of watch charms and other novelties and his goods are not surpassed, anywhere.

The largest shipment of wool which ever went out of Lexington was made by Speyer & Sons a few days ago. They shipped 200,000 pounds over the C. and O. to Eastern manufacturers.

MR. HARRY S. WOOD has disposed of his interest in the drug store at Winchester to his partner, Mr. James Martin. His brother, Mr. Charles A. Wood, and Mr. Harry Taylor are in Winchester this week assisting in invoicing the stock.

NO FAIRER proposition could be made than that of Hechinger & Co., in regard to their artistic line of footwear. They warrant every pair of shoes to wear well; if the shoes don't wear well they will give you another pair. And remember their line of clothing is unsurpassed.

WHILE Mr. and Mrs. C. C. Degman, of Springdale, were absent from home Sunday attending services at Plumville, their house was discovered on fire while the rest of the family were at dinner and it narrowly escaped being destroyed. By prompt action, several gentleman present aided by the heroic work of Mrs. Dr. Hook at the pump, extinguished the flames which seemed for a time bent on destruction. The fire originated from the kitchen flue. A lot of new brooms that were stored in the attic were burned.

SCHOOL FUND DELAYED.

State Will Not be Able to Pay All of it October 1st.

FRANKFORT, Ky., Sept. 10.—The State will not be able on the 1st of October to pay to the School Fund the 40 per cent. due, which amounts to about \$800,000.

The Treasurer and Superintendent of Public Instruction have figured the matter out, and announce that only about \$360,000 will be available for this fund at that time, or less than 20 per cent. of the amount.

The Republicans claim this is caused by the failure of county Sheriffs to pay in the amounts collected for taxes.

THE fountain for the esplanade arrived Monday, and Mr. J. J. Fitzgerald, the contractor, will soon have it in position.

Shot in Self-Defense.

MONMOUTH, Ills., Sept. 14.—Dr. F. Regnier, chairman of the Democratic county committee, shot and instantly killed Simon Franson, a young butcher, yesterday. Franson had been paying attention to Regnier's daughter, against his wishes. Yesterday he shot five times at Regnier in the street. Regnier went home, got a shotgun, and returning met Franson, who shot again, missing. Regnier then emptied a load of buckshot into the young man's breast.

Severe Storms in South Dakota.

ABERDEEN, S. D., Sept. 14.—A severe storm of a cyclonic formation struck here yesterday evening. Heavy rain and some hail fell, breaking windows and doing considerable damage. Several barns were moved from their foundations by the wind. Reports from the county indicate damage to grain in shock and stacks by being blown down and thoroughly soaked by rain. Many people fled to cellars during the progress of the storm.

Hawaii Has Ratified Annexation.

WASHINGTON, Sept. 14.—L. M. Thurston, charge d'affaires of Hawaii to the United States, says that the senate of Hawaii has undoubtedly ratified the treaty of annexation by this time. The senate was called to meet for that purpose on Sept. 8, and its members were unanimously in favor of the treaty.

EXPLOSION OF NATURAL GAS.

A Number of People Burned by the Burst of Flames.

MECHANICSBURG, Ind., Sept. 14.—While employees of the College Corner Gas company were trying to cap a new gas well on the Bushong farm, near here, with a number of farmers gathered about, witnessing the work, there was a sudden explosion of escaping gas, and flames shot in every direction, enveloping and destroying the derrick and injuring a number of people.

Daniel and Charles Mundell were burned about the face, hand and legs, and Charles was hurt internally. William Mundell, son of the first named, was terribly burned about the face and hands, and Jackson Bushong and Charles Lewis were also severely scorched. Quite a number of others were burned, but not so badly but that they could proceed to their homes.

The derrick belonged to Henry Hughes, whose loss is \$400. It is supposed that the gas ignited from a spark from a forge near by, where drills were sharpened. Much difficulty was had in controlling the escaping gas.

President Back in Washington.

WASHINGTON, Sept. 14.—President McKinley returned to Washington yesterday afternoon from Somerset, Pa. There was a very small crowd at the Baltimore and Ohio depot at 5:30, the hour the train arrived. The president was cheered as he appeared on the platform, and after lifting his hat in acknowledgement, assisted Mrs. McKinley to alight. With the president on one hand and Secretary Bliss on the other, Mrs. McKinley walked across the platform to the carriage and the party was driven at once to the White House.

A Boy Jerked Skyward.

HARTFORD CITY, Ind., Sept. 14.—While the fair at Warren was in progress, and during a hot-air balloon ascension, a country boy, 18 years old, fooling with the guy ropes, was caught and carried 150 feet into the air. The The aeronaut realized the danger and cut loose with his parachute, returning safely to the ground. The balloon and the boy also came down without material injury to the lad, who scurried away as soon as he could release himself.

Printer Drowned While Bathing.

PORTLAND, Ind., Sept. 14.—A telegram has been received announcing the drowning of John Harris, a well known young printer, at Galesburg, Ills., while bathing. He was seized with cramps, and sank before aid could be rendered.

Two Convicts Escape.

JEFFERSONVILLE, Ind., Sept. 14.—Evert Burk of Henry county and Frank Collins of Wells county, escaped from the reformatory by scaling the walls. The warden has offered \$50 each for their arrest.

Indications.

At Boston—Boston-Philadelphia game postponed on account of rain.

WABASH, Ind., Sept. 14.—A serious case of poisoning occurred here yesterday morning, and one of the victims, at least, may not recover. Sunday night Mrs. Lehman Bennett ground a quantity of jimson seed in the family coffee-mill. Yesterday morning, having failed to clean out the mill properly, she used it for grinding coffee, and she and her husband and Mrs. Harry Bennett, who drank the coffee, were thrown into convulsions immediately afterward. The condition of Mrs. Bennett is alarming.

Boy Burned.

INDIANAPOLIS, Sept. 14.—Three boys, 5 to 8 years old, Eugene Berry, Charles Buck and Harold Kern, have been arrested for setting fire to barns. There have been many recent fires, some serious, burning horses and considerable property. The boys accuse one another, and admit having participated in arson chiefly "to see the fire engines run."

EAST LIMESTONE.

Rain is again badly needed in this locality. Everyone is getting ready to participate in the home fair.

Mrs. Fannie Hise, of the Sixth ward, spent a few hours here Friday inspecting her farm.

Mrs. Margaret Williams has returned home after a lengthy visit with relatives in Maysville.

Quite a number from this neighborhood attended the tent meeting at the Electric Park.

E. Meyers and wife attended the protracted meeting at Tollesboro last week.

Mrs. J. H. Tully and daughter Louise, of Cottageville, spent several days with relatives here the past week.

Mr. and Mrs. Tucker have had a new little girl at their house since September 1st.

The wife of Aaron Clutter is afflicted with symptoms of insanity. The aged couple live alone and are in a pitiable condition.

Superintendent Williams called out a number of the good citizens the past week and repaired the Kennedy's creek road to some extent, and if the dry weather continues we will have a tolerable good road for the fair, extending straight through to Flemingsburg with no toll.

Prof. Turnipseed, who again has charge of the school, has removed to the city to the regret of his many friends.

Mr. and Mrs. R. C. Williams attended the morning and afternoon services of the Christian conference at Plumville Sunday and were hospitably entertained at an elegant lunch on the ground by the genial Mrs. A. L. Redmond.

The latest social and pleasant event of the season was a moonlight fete Thursday evening at the lovely home of Mr. and Mrs. Henry Adams. The beautiful lawn was illuminated with lanterns, intermingled with the bright moonlight, and the night was an ideal one for the occasion. About twenty young ladies and forty young gentlemen were present, and music, dancing and games were the amusements of the evening. The music was elegantly discoursed by our local band, Messrs. Rains, Foster and Adams, each possessing rare musical talents, seldom equalled and rarely excelled. Mrs. Adams, always gracious and retiring, together with her lovely daughters, Miss Mayme and Miss Lizzie, left nothing undone that would contribute happiness and enjoyment to their guests. who late in the evening reluctantly took leave of this delightful occasion, long to be remembered by all present.

WEDONIA.

Several of our farmers are cutting tobacco. Joe Bateman, who has been very sick, is much better.

Mrs. Nettie Cord has gone to visit her mother at Carlisle.

The dry weather is doing much damage to the late corn crops.

Ed. Bullock and little girls were visiting near Lewisburg Sunday.

W. D. Ray has taken three strings on his pair of mules at the fairs lately.

Mr. and Mrs. C. A. Goodman visited friends near Flemingsburg Wednesday.

Jim Cord visited his brother-in-law, Mr. Stephen Harrison, Sunday near Lewisburg.

Miss Alice Lally has returned from Frankfort where she has been visiting relatives and friends.

John Cord and family have moved from Covington to this place, with the family of Mr. Poynter.

Thomas Davenport, of Orangeburg, and Miss Mary Walker, of Mt. Carmel, will visit their aunt, Mrs. Goodman Saturday and Sunday next.

SPRINGDALE.

James B. Weaver is quite sick with typhoid fever.

Our school is progressing finely under the management of Miss Flora Rinehart.

Everybody is wanting rain, and if it don't come soon all tobacco on hot land will have to be cut green to save it.

Charles Vawter left on the early train Monday for Lexington where he goes to attend the Bible College. Charley is only nineteen years old, and has always had to attend school at an inconvenience, either having to walk two and one-half miles to get to school, or cross backwater in a leaky skiff; but this all shows what pluck and determination will do and the possibilities that lie in the path of the deserving.

HELENA STATION.

Mr. W. H. Robb went to Cincinnati Monday morning.

H. M. Warder went to Lexington Wednesday on business.

John Allen left for Richmond Monday where he will attend school.

The receipts of the L. and N. railroad at this place for the month of August were over \$1,100.

Miss Ida Yancey returned home Thursday afternoon from a pleasant visit with friends in Maysville.

Miss Mae Burgess returned to her home in Maysville Monday after a week's visit with Miss Mary Finch.

Miss Mary Finch returned home last week after a pleasant visit with the Misses Apperson, of Mt. Sterling.

School opened here Monday with John Rea, of Manchester, O., as principal and Miss Eliza Keyes, of Lewisburg, as assistant teacher.

Raiders cut the pole down on the Mayslick and Helena Station pike Thursday night about 12 o'clock. Some of them were recognized. They warned the gatekeeper not to collect any more toll. He resumed collecting toll the next morning as usual.

The doctor may be a good old man, but even so, medical examinations and the "local application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

LOUISVILLE TOBACCO MARKET.

It Was Strong and Active Last Week.
Prices Higher—The Growing Crop.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 3231 hhds. with receipts for the same period 1,838 hhds. Sales on our market since January 1st amount to 122,948 hhds. Sales of the crop of 1896 on our market to this date amount to 106,178 hhds.

We have had an active strong market for burley tobacco, prices being higher than they were previous week, the medium grades of the red filly types having advanced more than any other kinds. The hot dry weather is damaging the growing crop and if present weather conditions continue much longer, we expect to see a much higher market.

The following quotations fairly represent our market for burley tobacco (1896) crop:

Trash (dark or damaged)	2 50@3 50
Common color trash	4 00@5 50
Medium to good color trash	6 00@9 00
